

Dear Valued Customer,

Hello I would like to take a moment of your time and introduce myself.

I am David Tucker, owner of Sigma Mechanical Services located in Marshfield. I am a resident of the South Shore, a father, a taxpayer and a concerned citizen. As a business owner servicing the South Shore Area, I would like to do something for the children in our school system. I want to give something back to the school system.

Every morning I listen to the news. News of layoffs, news of cutbacks in town government, our children's education, services to our senior citizens, just to name a few. As a citizen and a father with school age children, I feel the various cutbacks in the school system are hurting our children's education. It seems every day there is news of teachers and teacher aides being laid off and cuts in extra curricular activities because of the economy. I was fortunate to be a child in this country when a good education was a way of life, not an expense, not something to be cut. However, it is 2009 and cutbacks are a fact of life.

As I said, I want to give something back to the school system. Sigma Mechanical Services is a full service air conditioning, heating, plumbing and refrigeration company. For years now we have serviced the residents and commercial locations in your town, perhaps one of my technicians has been to your home. Harry Truman said the buck stops here. It is all about the buck. As owner of Sigma Mechanical Services I want the SIGMA Bucks to go back to the school system, back to the children, back to their education.

I propose that Sigma Mechanical Services will give back 2% of every paid invoice to your School System for the balance of the 2009 calendar year. This will include every installation or repair of plumbing, heating, air conditioning including preventative maintenance work done both commercially and residentially in your town.

If you are interested in this proposal, I would like to meet with you and discuss the details of the SIGMA Buck. I look forward to hearing from you. You may call my office at 781-837-9994 to arrange a meeting.

Sincerely,

David Tucker, Owner
